

**ASEAN DEFENCE MINISTERS' MEETING
LOGISTICS SUPPORT FRAMEWORK
TABLE TOP EXERCISE**

25 – 26 January 2016

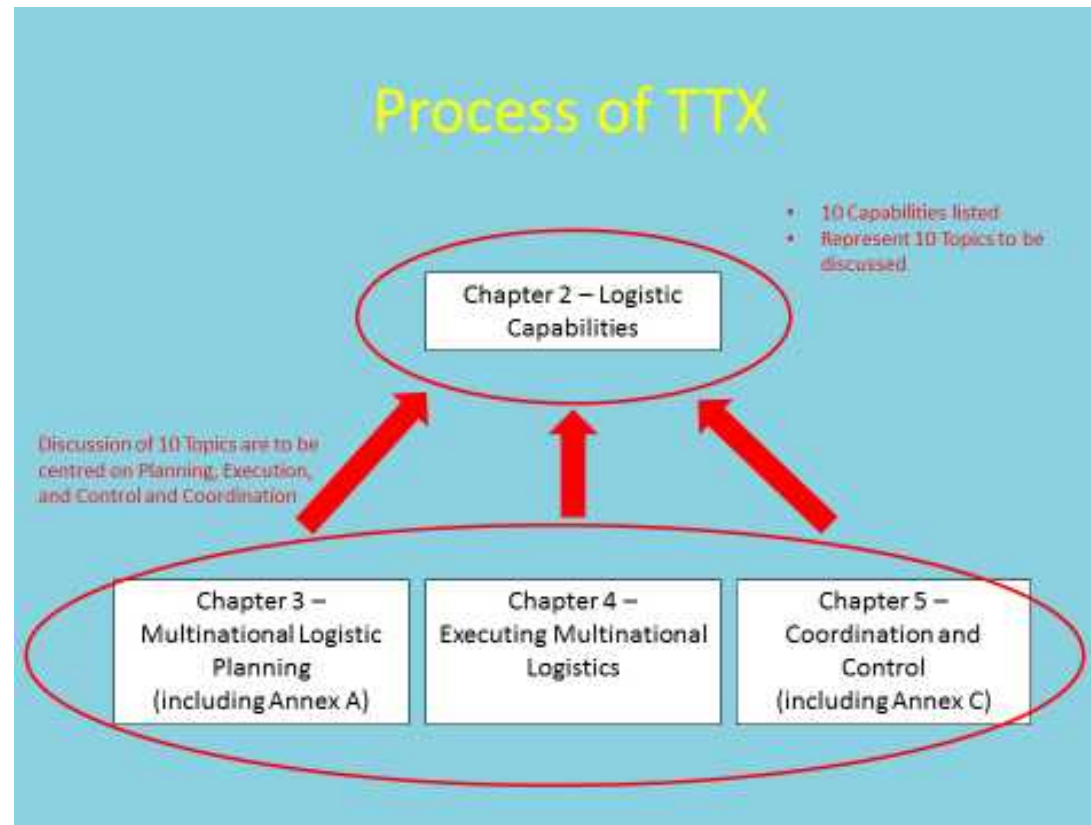

Overview of the LSF TTX

- LSF Table Top Exercise, 25 – 26 January 2016
 - Aim: To test and validate the LSF
 - Details of the scenario were sufficiently provided to focus on discussing the Framework documents in order to validate its contents
 - Participants were divided to two syndicates, with each country responsible for leading the discussion on a pre-assigned topic
 - Plenary Session was conducted with countries nominated as lead focusing on key points and deductions from their respective syndicates

Overview of the LSF TTX

- Discussions in the TTX revolved mainly on the identified Logistic Capabilities with respect to planning, execution, coordination and control.

Outcomes of the LSF TTX

➤ Key takeaways:

- Generally positive feedback on the chapters with minor editorial amendments
- Brunei Darussalam to make wide-scale refinements to the LSF as agreed by the TTX participants

Way Forward

- To be endorsed by ADSOM

- Provides the baseline for ASEAN militaries for logistics operations
 - To be tested in a real logistics planning exercise

- LSF document to be kept live
 - Inclusion of future lessons learnt

THANK YOU
